

Open Ownership Project

This section continues in the ownership Cargo project from the previous section.

To open the Cargo project in VSCode, go to File > Open Folder.... Locate and select the ownership directory in the learn-to-code-with-rust course folder.

Alternatively, navigate to the project directory in Terminal/PowerShell and execute code .

Write your code in the src/main.rs.

Topics Covered in this Section

- Immutable References
- Mutable references
- Multiple references
- Ownership and References
- Dangling references
- Ownership in Composite Structures (Arrays, Tuples)
